

AIR LIQUIDE INDONESIA ROAD SAFETY POLICY

Air Liquide is committed to promoting the highest standards of road safety amongst employees and contractors. Our goal is to eliminate all preventable road accidents involving employees who drive product / service vehicles, company owned vehicles or forklift trucks; and contractor drivers providing product delivery services on behalf of Air Liquide.

Air Liquide expects employees and contractors to do all in their power to protect their own safety and that of other road users, and to act as responsible custodians of the vehicles in their charge.
